“ My sincere sympathy to the Acker family on your loss of George. He was a student in my mathematics classes at Cairo-Durham Junior-Senior High School back in the day. I always found him to be a "good kid" who was respectful of others. May your happy memories bring you peace.

“ I met George through the Twin County Vikings, but really got to know him playing flag football with his Green County Giants. He was affable, sincere, caring and always willing to take time to help a player, or a friend. George embodied the team concept, and gave back to his community in so many ways. His spirit will live on in all those that he coached, mentored and helped. Godspeed George, we will miss you.

One of a kind. God bless George. I didn't know you well, but admire you greatly. You loved your NY teams (Giants and the Mets), you were a loyal friend. For you to travel to Plattsburgh to visit my father and reminiss about the old days in corrections was a class act. This was because of a post I put up due to my father's poor health. Next thing you know we got to see each other in Albany when you were in the hospital. Some people with all you health issues would be down and out. Yet, when ever we saw you, you were upbeat and willing to talk about other things in order to stay positive. You were loved and respected. RIP George.

George was a legend and didn't even know it. The children of Greene County were blessed to have a man like him in their community. His life was cut short. But his soul will live forever in those who knew him. He was the father to kids that had know dad. Gave them a place to play football and baseball. The father of Greene County Pop Warner football. For those who thought he was a hard nose. You were right!!! But inside his heart was bigger then ten man. If he said he was going to do something he did it. I worked with George, Coached with George, And I ran football and baseball leagues with George. He never stopped talking about sports and helping kids. There are many thing I could say. But if you knew him you already know them. Heaven got one of the good ones today. George will find his friend Mike Beers up in heaven. And hunt down all those who he lost . And start some kind of football league. There is a old football coach up in heaven that George loved . I'm sure he will find him too and pick his brain. George will live eternity happy and healthy. He will be watching those who he loved. And the ones who loved him will be looking up at the heavens to say hello. God Bless you my friend. Rest in Peace.

*Today, the Independence Party mourns the loss of one of our finest leaders; we remember the life of Greene County Party Chairman George Acker. Our State organization always took pride in Chairman Acker and the talented committee that he headed. George was a true believer in all that the Independence Party stands for and represents. He felt that government should be run by the most qualified and not necessarily the most connected. George was a true independent who lived a meaningful life, albeit one that was cut far too short. Our hearts go out to George's wife Irene and the whole Acker family. With Love, Respect and Sadness,
Frank M.MacKay
State Chairman
