“ I'm so grateful to have been holding your hand with Marie when you left this life. I think of you making the nurses laugh right until the last minute, Mr. "Doer". You're sense of humor is second to none and I will always remember how we got in trouble in the rehab because we were laughing so hard about my "tattoo". You even livened up a rehab! I remember our trip to Disney and my first plane ride at seven years old with you. I used to love to go up to the pigeon coop on the roof with you. I was remembering when you picked me up at school in the first grade and pitched our kickball game. I was so proud. I can STILL remember my teacher's eyebrows raising :) Thank you for the good hair, and know that I will cherish your 50th year union pin with all my heart. Thank you for giving it to me. I can only hope to have half the strength you showed as you fought. Love you Dad. Until we meet again.....

“ Uncle Ray. You were always so loving to me as a young boy. Someone I looked up to as a tough no nonsense no bs kind of guy. You treated me like a son. I loved that you let me share your love of pidgeons. Even when I cleaned out the coop. I still remember being at your place on Saratoga when the Jets won the Super Bowl in 69. Always good times with you. I'm glad you're suffering is over and you and Dad are reunited. Save a stool for me at he Golden Orchid in the sky for when I get there.

“ Hi Daddy, I love you, I agree now that you loved me more...this is so hard without you but comforting to know you're finally back with Grandma Marie!! I'll never forget the day you said "I love you longer" & left "Me" speechless. Your last words to me were "I love you more" I'll cherish that memory. Kiss Grandma Marie please, I'll see you all soon!! Love Lisa
