“ *We are so sad to learn that Dora passed, which we just learned today via the obituary. I spoke with her almost monthly (I live in AZ). And had been trying to reach her for awhile until just searching her name today. I have known Dora for about 40 years and I considered her and J as family. They always remembered my children's birthdays and Christmas and my almost 21 year old son still has all of the Hess trucks they sent him. She was such a wonderful person with a heart of gold and I always enjoyed seeing her and speaking on the phone. While I had not seen her in a few years, I will miss her very much. I am trying to reach either Michael or Rick to get more information so if anyone knows how to reach them, please give them my number (305) 215-9704. RIP Dora as you are able to be with J again. God Bless.*

“ *I had the great pleasure to work with Dora at Stiefel Laboratories. She was a sweet person who always greeted you with a smile and a happy heart. We ran into each other many years after our working at Stiefel and Dora made you feel like no time had passed. She was a special person who made you feel special. My condolences to her family on their loss.*
