“ Heather's passing is still a shock to me. She was my very first friend at Arlington High School. She took me under her wing my first day there and showed me around and introduced me to all her friends. Our friendship continued throughout the years. She will be missed so much. She adored her children and was a wonderful woman. This life with LUPUS is not an easy one. It's something we've both shared. She had magnificent strength in not letting it control her. You're pain free, baby girl. SIP
