“ I was the school counselor when you were all in school. Joan and I used to joke because she went to every program for every Ecker child -- literally -- even though she knew she would learn the same things she learned in other programs. She was such a good mom, and wanted to be fair to each child.

We have been blessed to be a part of your extended family. You all,
and our dear Joan, added us on when we first met one another. We

know she is caring for all here and those in her heavenly home. We
loved her and we will miss her but we are always grateful that she
