“ Dear Family of Dr. Justin Porto, I would like to offer you my condolences. I would also like to offer a short appreciation of Dr. Porto. For a few years he was my own doctor and was also the doctor for some adults with special needs whose well being I was responsible for and I usually escorted them to their appointments with Dr. Porto. I appreciated his professional approach; paying attention with warmth, interest, respect, skilled medical assessment and including discussion about treatment and next steps. His was not an abrupt or functional approach. He seemed to have quietly woven compassion and kindness into his profession, and for me, it was the undertone to his interactions in those appointments in which I was present. I send him love and good wishes on his journey onwards. Julie
