“ *My sister was a wonderful Mother to all of her children. Loosing sight after having sight she managed to raise her children. We had our differences as siblings do but we overcame them. I remember when we were little we had a pool in the back yard and we used to hold a hula hoop and dive through it. We had some good memories. She will be missed. Love Amy*

“ *My sister was always just living her life wherever it took her. When we were younger we got along really well and as you get older you kind of go your own way. It's not a bad thing. I will always love you Michelle*
