“ I just stumbled upon the obituary for Peter. I can say that he was a great mentor for me as a teenager who was interested in working on cars. He showed me how to rebuild engines and was excited talking about old cars. I continue to carry the passion with me and have mentored several people along the way on the tricks of the trade. It just reminds me that we forget sometimes that we never fully see the impact of giving our time and patience to others carry's on well after we are gone. Rest easy friend. Hope your driving a 67 Chevelle convertible in the heavens.

I don't know if anyone knows this but we spent many Summer afternoons watching General Hospital together. I have so many memories of great times. He will be missed.....*
