“ Every time I saw Ray, he would ask, "Susan, why didn't you tell me? Gees!" He was referring to my Mom. I laughed every time. Rest in peace Ray, you are finally free of all the pain and discomfort you have suffered.

“ *My memories of Ray are mostly from the numerous Proper and Wilkie family gatherings, parades, and work at the jail. With a straight face, he would ask a serious question, hit you with a hilarious come back, and continue with some sort of joke and a chuckle :) He suffered too much over the past two years and has been called to be in a place with family and friends who now live in eternal peace. God bless him and all of you, especially in the next few days to come, and may you find comfort and contentment in knowing he touched the lives of many.*

“ My fondest memories from my childhood was spent with Uncle Ray and his family. My Dad and him were best friends. The one memory that stands out was driving in the back of Uncle Rays big green station wagon (with the bobble head dog on the dashboard)all the way to Disney - 3 adults & 4 kids 🤪. I remember his left arm was fried from having it hang out the window because he drove 😊 . RIP Uncle Ray, I know my Dad has been waiting 25 years to hang with his best friend once again. My condolences to his family. May the memories you share help you through this difficult time, sending prayers and love to you all.
